How to use the APOnet (after September 2011)

	<p>Access the APO website (www.apo-tokyo.org).</p> <p>Click the APO net icon located at the lower right of the top page.</p>
--	---

<p>Welcome to APO-net file container</p>  <p>The participants of projects that not exist in the list below must click here. Limit of the link is 31th August, 2011. System will be switched completely on Sept.</p> <p>Please click below ENTER to the following projects.</p> <p>11-IN-08-GE-TRC-B Training Course on ISMS: ISO27000 Series in Indonesia 17-21 October 2011</p> <p style="text-align: center;"><input type="button" value="ENTER"/></p> <p><small>*Information APO-net will be switching to the new system. If you do not operate it, it moves automatically to current APO-net system. Manual for the current users</small></p>	<p>After September 2011, click “ENTER.” The system will be switched completely in September. Your project data will be in the new system.</p> <p>This document describes how to use the new system.</p>
 <p>The server apo-net.sakura.ne.jp at Web access requires a username and password.</p> <p>Warning: This server is requesting that your username and password be sent in an insecure manner (basic authentication without a secure connection).</p> <p>User name: <input type="text"/></p> <p>Password: <input type="password"/></p> <p><input type="checkbox"/> Remember my password</p> <p style="text-align: center;"><input type="button" value="OK"/> <input type="button" value="Cancel"/></p>	<p>Input your project’s common ID and password.</p> <p>The password is not the same as in the old system. Your password is the old password + “pass.”</p> <p>For example, if your old password was “aabbcc,” The new password is “aabbccpass.”</p>
 <p>Asian Productivity Organization Making tomorrow better than today</p> <p>Home</p> <p>Recent Directory</p> <p>10-IN-08-GE-TRC-B_TRConBSC/</p> <p>Sorted by: <input type="text" value="Name"/> <input type="text" value="Ascending"/> <input type="text" value="Matching *"/></p> <p>Asian Productivity Organization</p>	<p>You will see the APOnet file container. Click your project’s folder.</p>

 <p>A screenshot of a web browser window. The address bar shows a URL starting with '3. Status Report (Participants)'. Below the address bar, a file named 'test.txt' is selected. A context menu is open over the file, listing options: 'Open', 'Open in New Tab', 'Open in New Window', 'Save Target As...' (highlighted with a red rectangle), 'Print Target', 'Cut', 'Copy', 'Copy Shortcut', 'Paste', 'Blog with Windows Live', 'E-mail with Windows Live', 'Translate with Live Search', 'All Accelerators', 'Add to Favorites...', and 'Properties'.</p>	<p>Right click on the file you want to download, then click “Save Target As...”</p>
 <p>A screenshot of the Windows 'Save As' dialog box. The 'Save in' location is 'Desktop'. The file name is 'test.txt' and the 'Save as type' is 'Text Document'. The dialog shows a list of folders and files in the 'My Documents' folder, including 'memo.txt', 'pcmemo.txt', and 'PCsetting.txt'.</p>	<p>Select the location to save it, then download the file.</p>
